

Flagger needs to be attentive to pedestrians and turning conflicts. May need a second flagger here to control the two-way segment. this is also a signalized intersection so we may need Parking Control Officers to alleviate queuing. Can you submit the proposed duration and date for this work?

Cover Detail 41

Cover Detail 41 or add floppies to guide traffic to the open lane

this requires a Signal Review Committee Work Order issued by the Traffic Engineer to the signal shop. The contractor is not allowed to put the signal in to flash. Coordination of the dates of flashing operation is required and the deployment of Parking Control Officers may be required. Can you submit the proposed duration and dates for this work?
